

IHN sponsors the Complete Auto Recycling and Secondary Materials Trade Show

Come and find us on **Stand A16 on 13-14 July 2016!**

IHN is proud to announce itself as an official sponsor of the Complete Auto Recycling and Secondary Materials (CARS) trade show.

Held biennially, the show is the only one of its kind in Europe, asked for by the industry, covering all aspects of the sector. With over 1,300 attendees in 2014 and tickets now **FREE** in 2016, **CARS** provides the opportunity to find out what products and services are available to make your business more profitable.

Commenting on **IHN's** decision to sponsor the show, **Director Steve Walker** said: "The **CARS** trade show is Europe's premier event for auto recyclers and secondary materials and its hands on approach with live demonstrations and interactive discussion groups is somewhat unique in our industry. We are excited to be part of an event that provides the industry with what it needs: an opportunity to network with key players and a chance for visitors to gain real insight and seek solutions to help them achieve their goals and grow their bottom line."

The **CARS** show delivers exciting features which include the indoor exhibition showcasing the latest machinery and services, live outdoor demonstrations, circuit racing, a Skills Lab with practical advice from expert trainers, and a line-up of key influential speakers.
